APEX 2025: Uniting Credit Unions, Inspiring Innovation

Special Edition: Thank You for Making APEX 2025 Our Best Yet!

Each October, the Cooperative Credit Union Association, in partnership with the Credit Union League of Connecticut, brings together credit union leaders, partners, and innovators for its annual convention at Mohegan Sun Resort and Casino. Known as APEX, this event is more than just a conference—it's a celebration of connection, collaboration, and the power of the credit union movement.

This year's event was something extraordinary. APEX 2025 wasn't just another great convention—it was our best yet.

Record-Breaking Attendance

With 1,000 attendees joining us from across five states, APEX 2025 reached an all-time high in participation. Each year's record-setting attendance is a testament to the growing enthusiasm, engagement, and shared commitment of our credit union community.

A Buzzing Exhibit Hall

The exhibit hall was alive with energy, featuring 120 vendors and partners showcasing the latest products and services designed to enhance credit union operations. For the first time, the Solutions Stage offered an interactive hub of learning and innovation, complete with fintech demos, real-world case studies, thought-provoking panel discussions, and even a lively compliance-themed game show to kick off the event.

Sessions That Matter

Breakout sessions dove deep into today's most relevant topics—addressing industry challenges, exploring emerging trends, and empowering credit unions to embrace innovation while staying true to cooperative values. The conversations sparked new ideas and reminded us that collaboration remains the foundation of our success.

Fun, Prizes, and a Bit of Magic

Fun, Prizes, and a Little Bit of Magic

APEX 2025 wasn't all business. From exciting giveaways (including an incredible eBike prize) to surprise appearances—like the unforgettable Umbrella Man—the event offered moments of pure fun and connection that reminded everyone why APEX is the highlight of the year.

APEX was Special Because of Us, Because of YOU

What truly made APEX 2025 special wasn't just the impressive attendance, the engaging sessions, or the energy of the exhibit hall—it was the people. Every CEO, manager, young professional, and partner who came together helped make this event something remarkable.

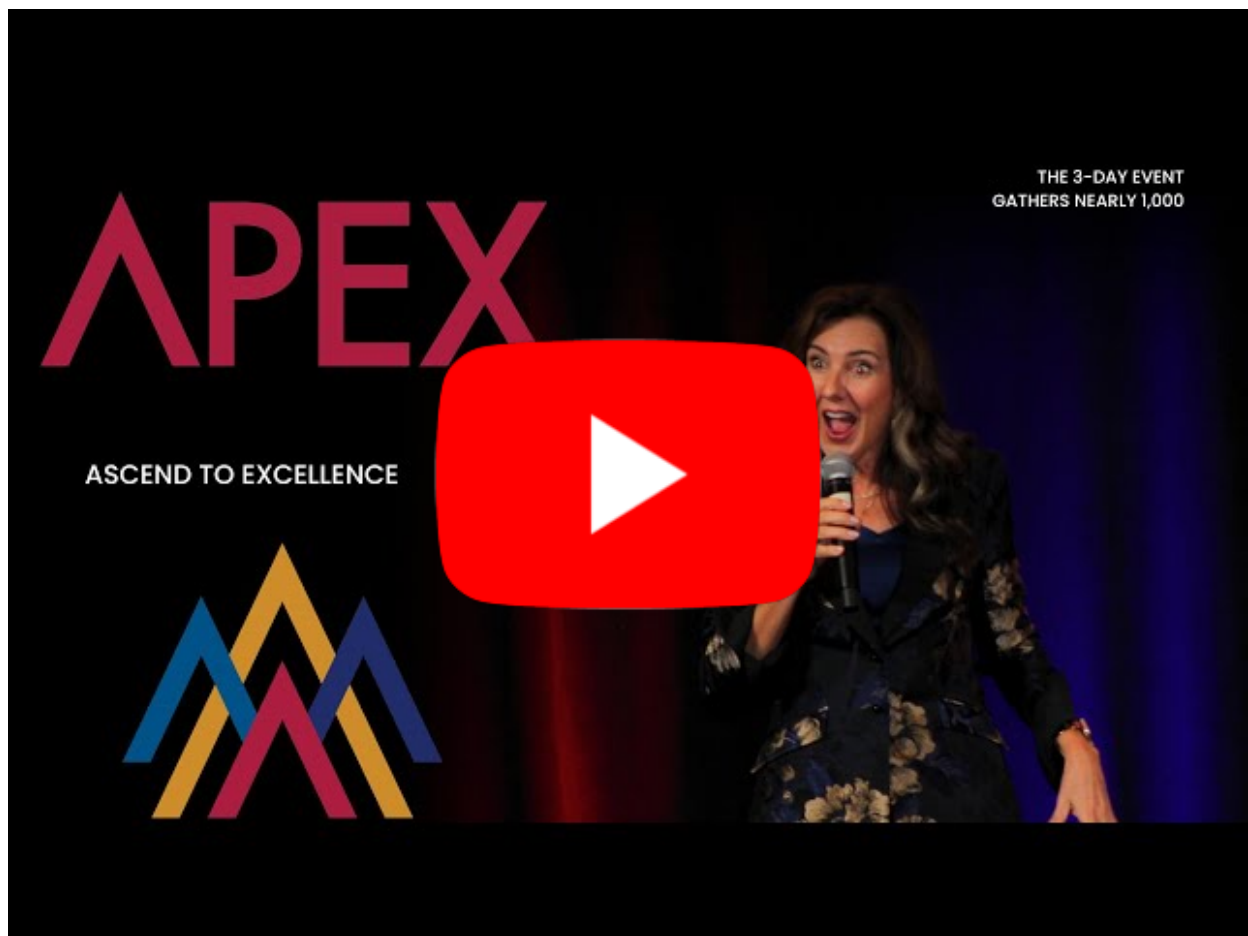

It's that spirit of cooperation—the shared mission to grow stronger together—that defines APEX. Every detail of this year's convention was designed to foster that sense of unity and innovation, and it showed in every handshake, every conversation, and every new connection made along the way.

As we look ahead, one thing is certain: the momentum doesn't stop here. APEX continues to evolve, and so does the credit union movement.

Here's to another record-breaking year ahead—and to the cooperative spirit that continues to drive us forward.
